SUMMARY

Software Developer with +3 years of professional experience, focusing on building robust, high-performance applications. I excel at developing clean, maintainable code across the full stack, with a specialization in front-end implementation and user experience. I am seeking a challenging environment where I can contribute to technical excellence and continuous product improvement.

EXPERIENCE

Frontend Developer

Boron Studio

Apr 2024 - Feb 2025

Montevideo, Uruguay

- Participated in 10+ projects, implementing responsive layouts and animations based on UI/UX specifications.
- Built and optimized interactive components using React.js, with a strong focus on usability and scalability.
- Delivered a high-priority international project of 10 responsive pages in under two weeks.

Microsoft Support Engineer

Tata Consultancy Services

Dic 2023 - Apr 2024

Montevideo, Uruguay

- Provided technical support for Microsoft products, consistently improving customer satisfaction.
- Managed and resolved high-volume customer inquiries via phone, chat, and email.
- Worked with Power Apps and Power Automate to assist international clients.

Junior Full Stack Developer

InfoCasas

Apr 2022 - Nov 2023

Montevideo, Uruguay

- Supported development tasks and maintained codebases using JavaScript, PHP, MySQL, Git, and Bitbucket.
- Contributed to UI enhancements for landing pages and backend integrations with CRM systems.
